DETAILED ACTION

EXAMINER'S AMENDMENT

1. The following is an examiner's statement of reasons for allowance:
2. The claim 1 is allowable over the prior art of record because the teachings of the references taken as a whole do not show or render obvious the combination set forth, including: a probe being mounted relative to the media stack tray so that when the media stack tray has a loaded status the media is normally located between the probe and the dispensing device; and a detector associated with the probe, the detector for detecting the position of the probe, wherein the probe and the detector are located on the opposite sides of the media when the media stack has a loaded status.
3. The claim 7 is allowable over the prior art of record because the teachings of the references taken as a whole do not show or render obvious the combination set forth, including: a detector associated with the media contacting probe, the detector for detecting the position of the media contacting probe, wherein the probe and the detector are located on the opposite sides of the media when the media stack has a loaded status.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
